

Happy 11th anniversary Esthetique!

One day in the wonderful world of the
Esthetique Kasei, a single brave soul approached
our editors with the most horrible news ever.

What
could've
been so
bad as to
render
all of our
editors
totally
incapable?

FROZEN

Was it a
worldwide
shortage of
manga?
Did those
manga
come to
cost?

Oh, no!
It was
something
much more
outrageous.

YUU WATASE

Summary and Introduction of the Main Characters

When her mother dies, Asuka (16 years old) goes to search for her father who she had never seen. Thus, she turns up at the Sudou household, but only to discover she has a brother and a sister barely younger than herself. In hopes of seeing her father, she settles down with them and enrolls at their high school. She's relieved when she finds out that her father is the general administrator and sports teacher, known under the false name of Yashiro.

Since Manato isn't her real brother, Asuka starts going out with him, but their relationship is found out. It causes a scandal because everybody believes them to be blood related. Manato is expelled from school. At first, he thinks of giving up on Asuka, but finally announces in front of all the pupils that they aren't really brother and sister, thus temporarily calming down the school.

Young cheerful boy: a bit of a sex maniac and member of the karate club. He's very handsome, but his hands have a tendency to roam where they shouldn't.

Fevered Gaze
of an Angel

Good morning! It's Hasebe! I'm happy to find you again in this 14th volume of Toki Chokoku! Aiken Chokusei! Oh, the way, recently, I made the comic book, which was on television. I got the following result: "Wonderful level. A long period of rest is needed".)

I have received many letters telling me, "It's so sad that it's over!" and "Ditto!" I didn't want the series to end. I'm not the one responsible for it. I was told since the original story was only three volumes long, it wouldn't be convenient for the sequel to be longer than three volumes. Sorry...

Oh, my mind will never find its rest until I've drawn the conclusion to this story. Please, let me guess! There's a beach shop where "Toki Chokoku" series is sold than "Foreign Book". Could it be due to the local elements in a more realistic story? I heard that many elderly looking boys were there to buy my series. (Oh, it doesn't matter. In some bookshops, the series is exclusively placed among the manga range or manga for adult women. The book-shops where anime books are sold the title (The phrase introduction of the Japanese title is "Unsuitable for prepubescent children" - Translator's Note.) But it's truly a manga for girl-girl girl! I've really had it. I wish boys in their late year of junior high would also reading me letters demanding some erotic scenes, because I really have a hard time helping people

CHAPTER 8 // END

I THINK
I'LL LOVE
GIRLS AS
MUCH AS
BOYS
STARTING
TODAY

AND I HAVE A
MATCH NEXT
SUNDAY
COME BY TO
WATCH ME!

In volume 2 of the series, I said that I wrote down everything I wanted to draw all the old, old pages included First, so I'll tell you about the characters among other things

I created "Take Chikuzen" knowing full well that half of my readers would be women and the other half men. I naturally had the boys in mind when I drew girls in the undressed state. I personally prefer when it's just suggested like when you see a woman's legs. Her body is mostly shown like in the manga for example. In the last series, I followed the principle. But in the second series, I went a bit far.

See, at high school, when boys and girls are going out together, they're concerned with these kind of things. It's natural, isn't it? Oh, what do I exactly call this book...? I think the female characters have reached that stage. Oh yes, do they all have it yet? I don't think that, but girls aren't like me (Gasp)

I thought the boys told me that girls were better at it than boys since they did some research in magazines. One day that you don't get such information from boys magazines (which boys have recently changed)

Anyway, when I read the letters I received from girls, I think they are very knowledgeable about sex subjects. In reality, only 10% of the high school girls have already had intercourse (Even when you don't tell us it doesn't count like girls on television sets.)
